Hi Kathy,

Sorry for the confusion. Here is the correct file, which is what you submitted. If you have any other questions, please let me know.

Thanks,  
Courtney

**Subject:** FW: Please upload ICR No.0220.13 into the FDMS...

...yes, I think that 0220ss13 must be uploaded into ROCIS before it can appear in the FDMS...

...no, after re-checking ROCIS, I don't think that it is the most current version of the ICR's supporting statement, so please delay uploading anything for the moment...I did not work on this ICR, but Ms. Kerwin will correct this matter by uploading the latest version that you both worked on into ROCIS... Cheers!

William, is this the correct SS? this does not appear to have the changes I made per discussion with Courtney a couple of weeks ago. Please confirm this is the correct version to upload.

Dear Ms. Hurlid,

OEI has completed its review of ICR No.0220.13: Clean Water Act Section 404 State-Assumed Programs (Renewal). At this time, please upload the ICR statement and all attachments (included with this email), as well as any associated information collection instruments (e.g., public use forms, surveys, questionnaires, etc.), into the appropriate docket via FDMS. This is required so that the public can access the source documents and comment on them during the 30-day comment period, as stipulated in the Paperwork Reduction Act.

If you have any questions about what needs to be uploaded for public review, please contact your ICR Desk Officer. For assistance with FDMS, please contact your docket manager (<http://intranet.epa.gov/fdmsinfo/contact.html>).
